

Cancer in Kids Auxiliary invites you to attend

# LAB OPEN DAY

Since its inception in 1980, CIKA has funded critical research into solid cancerous tumours. At the Murdoch Children's Research Institute and Royal Children's Hospital, CIKA has provided funding for the Children's Cancer Centre Biobank, the employment of a clinical trials coordinator, and more recently, a research assistant in the Neuro-Oncology team.

The **Lab Open Day** is an opportunity for our CIKA supporters to tour the facility, talk to the Institute scientists, and see the equipment in use.

This year we are delighted to introduce Professor David Eisenstat, Director of the Children's Cancer Centre and Group Leader of the Neuro-Oncology team at MCRI. Prof Eisenstat will share his work in understanding solid tumours of neurodevelopmental origin, like childhood brain cancers.

**Where:** Murdoch Children's Research Institute,  
The Royal Children's Hospital,  
50 Flemington Road, Parkville.

**When:** 12:30pm, Sunday 8<sup>th</sup> October 2023

**RSVP:** Friday 29<sup>th</sup> September 2023

**Bookings essential:** Please contact Wendy by emailing [secretary@cika.org.au](mailto:secretary@cika.org.au)

## FUND RESEARCH, FIND A CURE
